

LUBBOCK EDIBLES PLANTING GUIDE: NOVEMBER/DECEMBER

LUBBOCK MASTER GARDENERS ASSOCIATION
TEXAS AGRILIFE EXTENSION SERVICE

Watch the weather! Observe your garden!

GARDEN MAINTENANCE

- Prepare cold frames or row covers to extend the growing season
- Remove dead and diseased plants
- Continue harvesting and collecting seeds for next year's garden
- Clean and repair garden tools
- Clean and store tomato cages, trellises, pots, and planters
- Plan and map out garden layout for next year
- Prepare beds for winter by adding compost and fertilizer and covering with mulch
- Look at seed catalogs (physical and online)
- Order Seeds & Starts

WATER

- Water roots deeply before risk of freeze
- Water cool season annuals and vegetables

CARE

- Check frequently for pests and treat as needed
